[Applications](#)

[APPLICATION] **Secure electric anti-theft device**, anti-theft system comprising one such ...

US Pat. 10524654 - Filed Aug 21, 2003 - THOMSON LICENSING S.A.

[0084] It should also be noted that the invention allows an **automatic** antitheft

... it was configured or if said **network does not contain a watchdog device**, ...

[APPLICATION] **Methods and devices for gaming network management**

US Pat. 11215181 - Filed Aug 29, 2005 -

Typical **watchdog** timer circuits **contain** a loadable timeout counter register to

... These memory **devices** are **not** used in typical general- purpose computers. ...

**Apparatus and method for improved vending machine inventory maintenance**

US Pat. 6181981 - Filed May 15, 1996 - Marconi Communications Limited

Typical peripheral **devices** that support a SPI bus interface include ... When the

internal **watchdog** times out, it **does not automatically** generate a go reset ...

[APPLICATION] **Wide area loyalty access through independent bonus network**

US Pat. 11449985 - Filed Jun 8, 2006 -

Typical **watchdog** timer circuits **contain** a loadable timeout counter register to

... These memory **devices** are **not** used in typical general-purpose computers. ...

[APPLICATION] **HOME ELECTRICAL DEVICE CONTROL WITHIN A WIRELESS MESH NETWORK**

US Pat. 11737717 - Filed Apr 19, 2007

If the falling edge on RxD is not verified by the majority voting over the ... 2

) ensure that is **does not** subsequently switch off due to potential noise. ...

**Displaying content for various aspect ratios**

US Pat. 7712045 - Filed Nov 10, 2006 - IGT

Typical **watchdog** timer circuits **contain** a loadable timeout counter register to

... The serial **devices** may have **electrical** interface requirements that differ

...

**Counter-based memory disambiguation techniques for selectively predicting ...**

US Pat. 7590825 - Filed Mar 7, 2006 - Intel Corporation

In other embodiments, the save area 10 segments may be in other **devices** or ....

the saturation counter circuit if the load operation **does not** conflict with ...

[APPLICATION] **Portable solid-state remote dosimeter**

US Pat. 10411439 - Filed Apr 10, 2003

Even under worst case conditions the offset will **not** exceed 200  $\mu$ V. ... applied

or when a reset of the **device** (RST/NMI pin), a **watchdog** overflow (block 68). ...
